

Sponsor Application

Join us as a **2016 Hands Across the Sand Sponsor**

Hands Across the Sand - May 21st, 2016

Hands Across The Sand is a global grassroots event that champions clean energy solutions to our filthy fuels problem. On **May 21, 2016**, people around the world will join hands at noon local time to say NO to offshore drilling and YES to clean energy. The backbone of our movement is local organizers who plan 15-minute events in their communities and sponsoring organizations who support and amplify our message. Please visit our web page at; www.handsacrossthesand.org and click on your state to organize an event. We have all the resources you need to make your event a success under our resource tab. We also have a slide show with instructions on how to organize.

We are joining hands for clean energy and to keep near and offshore oil drilling out of our waters. We are joining hands to end our dependence on the dirty fuels that foul our air, water and food. On a local, national and global level, joining Hands sends a powerful visual message of human solidarity to our nation's leaders.

Hands Across The Sand is a 501 (c) 3 non-profit organization.

Benefits of Sponsorship

1. Contribute to a **global**, successful grassroots movement addressing one of the fundamental environmental issues of our time.
2. Enhance your organization's visibility through promotion on the **Hands Across the Sand website - scrolling logos**, Facebook page, and related media coverage and promotions. Facebook postings are made ALL year long. Send them to Dede at (dedeshelton@gmail.com) and she will post them.

3. Leverage your organization's reach through participation in local events. Bring your brochures, posters, petitions and educational materials to any event near you for distribution.

Questions? Please email us at dedehands@gmail.com

Sponsor organizations are requested to do the following:

2. In an effort to cover event expenses, participate in a voluntary nominal fee structure; **SEE LEVELS ABOVE**
3. Collaborate leading up to the event on marketing, press interactions, social networking and recruitment.
4. Participate in an advisory board made up of representatives of sponsor/ partners.
5. Promote the event through each organization's membership and send members/participants to the Hands Across The Sand Website/FaceBook page

This will again be a gathering in solidarity of people **all over the world** that care about our planet and our oceans. We will join hands to say NO to filthy fuels and YES to clean energy!
